THEME . . . TREES

The talking oak
To the ancients spoke.

But any tree
will talk to me.

What truths I know
I garnered so.

But those who want to talk and tell,
And those who will not listeners be,
Will never hear a syllable
From out the lips of any tree.

— Mary Carolyn Davies

DEDICATION

We wish to dedicate this, our 1962 Quill, to Mr. Parsons and Mrs. Mullins in appreciation for the many years of cheery service they have given our school, our class, and the classes before us.

In doing this, we are trying to thank them in some small measure for their tireless efforts in keeping our school active and cheerful.

We also want to thank them both for their gay, never-failing advice and leadership in the "trying" situations we, as students, meet in our high school life.

We wish them all the best that life can offer in the many years to come, and hope that whether they be near or far, they will never forget the students of E.H.S.

Eliot is the only high school in New England that offers a course in Reading Dynamics. These pioneers have sacrificed numerous activities in taking this pilot course, and we may be proud of them. In the future the rewards for their fidelity shall be many. Many thanks should be extended to Mrs. Mullins for her endless work in promoting this course.

James Burridge won the school, county, and district American Legion Oratorical Contests, and was a contestant in the State contest. We are proud of Eliot's results in the contests during the past three years.

Being able to repair small gasoline engines is becoming a necessity today with all our power mowers, snow blowers and garden tractors.

- (1) Have an interest in our industry and have a basic understanding of it. The alertness and curiosity which young people have must be fully answered.
- (2) Appreciate good design, workmanship, and materials and be able to distinguish and select good design.
- (3) Be able to rely upon his own resourcefulness in meeting practical situations.
- (4) Have a readiness to assist others and to join in democratic procedures.
- (5) Cultivate the habits of careful work and to avoid loitering and waste.
- (6) Develop the basic skill in using the common tools and machines and an understanding of the problems involved in common types of construction and repair.

The basic objectives of Industrial Arts is exploration. This program is organized to enable the pupil to become familiar with some of the various activities within our industrial society.

The above are the basic objectives; we must attempt to fulfill the aims of Industrial Arts.

Our Eliot High Indians raged on the warpath this season, seeking a win at every turn. Two high points of the season came with an impressive victory over LL Traip Academy, and the team's invitation to the Lewiston Western Maine Tournaments. Our Indians bowed in the semi-final round after defeating McFalls in the quarter-finals.

Preparations were made to present the team with jackets, in honor of the team's very successful season.

ANOTHER UNDEFEATED SEASON! During the past three years our E.H.S. girls have built a record of 55 consecutive victories. With 23 wins this year, the skein has increased to 78. This phenomenal record can be attributed to Coach Perham. He has taught these girls how to play this game and play it well. Their fine sportsmanship, the good publicity they've received all over New England, all add to the reason why we should take pride in our girls for bringing honor and glory to our school and our community. They've worked hard for us and they deserve all the honors they've received.

The Piscataqua Chapter of the National Honor Society held its first meeting in September. It now meets every other Thursday morning. The chapter contributed twenty dollars toward the expenses of Norman Hanson's trip to Kansas as a representative of our National Safety Council. The society has been quite active, sponsoring a record hop in October, a movie, and the Christmas semi-formal in December. The profit from these ventures went into a scholarship fund.

The Fall Induction was held on December 8, when juniors Fern Lauterwasser and Karen Moynahan became members.

President	Bruce Staples

Secretary	Virginia Barnard
Treasurer	Sharon Leavitt

With help of the Advisory Council, Mr. Parsons and Mr. Pierce, the Student Council has initiated a new letter award system for the students of Eliot High.

Being members of the Maine Association of Student Councils and the National Association of Student Councils, we attended the state convention at Gorham High School this year, where several of our members actively participated.

Other Student Council projects during the school year included the sponsoring of several assemblies, snack bar, candy counter, Girls' and Boys' State delegates, and improvement of school spirit. A successful Christmas program was also presented this year during the holiday season.

In the first half of the year the Future Teachers Association was active in the money-raising field. The first of October we held a fashion show. Much of the success of this show was due to the co-operation of a local department store and the delightful models. In January a record hop with a local disc jockey from a nearby radio station was presented.

During the second half of the year our chief interest was education in the elementary system.

Spring activities included a chess tournament, a tennis tournament, a mountain climbing trip, and a boat trip.
